10. Visitors Remarks	Copy of remarks from some of the visitors enclosed separately.
11 (a) Necessity for the Dispensary	About ten villages. There are no free dispensaries within a radius of 5 miles. There are hospitals in Mangalore i.e. six miles away from the place and separated by the Kulur river. There is also a Local Board Dispensary in Moolky 14 miles away and also separated by the Kulur river.
(b) Whether there are any other private or local Board Dispensaries	No.

12. How it is essential at the locality)

As there is no free medical aid available within a radius of five miles and as the villages are cut off from Mangalore or Moolky by the two rivers, Kulur and Pavanje and as there are no bridges, it is difficult for the patients to get medicines from the said villages.

There is no maternity ward for the area covered by the above ten miles. Hence the necessity of the services of the midwife.

13. Reasons and the amount required as said)

That after the midwife was appointed, the post of compounder had to be dispensed with for want of funds.

It is the earnest desire of the Sangha to give free medical aid as is given now and also to give the services of the midwife free.

At present for payment to the staff amount required	.. Rs.	1644 - -
If a compounder is appointed	.. "	500 - -
Cost of free medicines @ the rate of Rs.3per day)	"	1000 - -
	Rs.	3239 - -

Present income-

Interest from the amount of Rs.10,000	..) Rs.	500- -
From donations and col-) lections from the public	"	750 - -
		Rs. 1250- -

Balance amount required annually	) Rs.	2,089 - -

For the 1st three years the Sangha was fortunate in getting a contribution of Rs.1000/- per year from the Founder-Sri P.K.Thimmappayya. It is not possible for him to continue to donate similarly in future and he has stopped it since 1- 6- 1949.

Declaration

On behalf of the Management of the Institution I Hereby declare that I am prepared to abide by the conditions which will be laid down by the Government and to subject the Institution together with its current endowment and accounts, its establishment and the registers, etc. to inspection and to furnish such returns as may be required by the Government on the Head of the Department of Indian Medicines.

I was very happy to visit to-day the Sri Rama Dharma Vaidya Shala, Panambur, a popular free dispensary of the place. The generous doner Sri Thimmappayya could not have found a better cause for his charity. It is gratifying to note that the affairs of the institution are ably conducted by a Committee with Sri Srinivasa Rao at the helm. This augurs well for the institution. He is a selfless worker with high ideas. I was delighted to see from the attendance Register that the Dispensary is very popular. The average attendance ranges between 100 and 120. I wish there were more useful institutions of this type in our District which has few dispensaries and hospitals. The District Board should give a midwife to this institution at a very early date. It is my desire that this charitable institution should get more encouragement from the generous public. I wish the institution all prosperity.

Sd/-A.Laxminarayana Rao,
President,
District Board, South Kanara.

Visited this charitable institution this morning. Very glad to see the good work going on here. The doctor in charge Dr. Sharma seems to be a popular as there is an attendance of nearly 60 parients every day. Hence it is painful to hear that it is difficult to keep this dispensary running as a public subscriptions are languishing and the yearly interest of Rs.500 derived from the permanent fund of the Association is insufficient to keep it running. It would be a great pity to close this institution for lack of funds. Hence the question of requesting the District Board to help this charitable institution by a suitable grant to supplement the existing resources, may be considered by the Association. T h e institution deserves all help and support of philantthrópic gentlemen and public bodies.

Delighted to visit the Institution. Was glad to learn Mr. Thimmappayya, a land-lord from the village, had donated Ten Thousand Rupees for the Dispensary. The attendance seems to be going up day by day. I hope the Dispensary will be helped by other monied people in this Village. Wish the Organisers every success in their attempt to make the Institutions helpful to all the Villagers.

I visited the Sri Rama Dharma Vaidyashala this evening. It is to be really admired that this Institution has catered to the medical need of over 6,000 persons last year and is continuing to serve the people. The appointment of a Midwife by the institution will greatly help the locality and I am sure the people will appreciate this noble service. I wish the institution all success.

To-day I had the pleasure of presiding over the fourth annual celebration of the Vaidya Shala. There was a fairly good gathering and it was clear that the people have appreciated the work of the Institution. I also unvieled the portrait of Sri P.K.Thimmappayya, Founder of this institution. I am very glad to know that he has not only statted it but is continuing to help the institution to grow from strength to strength. He has set a noble example. This institution deserves all help and encouragement.

Ref: Rc.No.8815-C1/51 dated 14-8-51 of the Honorary Director of Indigenous Medicine.

--

I beg to inform you that I visited Panambur village in Mangalore Taluk, South Kanara District on 14-10-51 and inspected the above cited dispensary. On enquiry I found that this free dispensary is of great help to the poor people of the village. The record in the dispensary shows the daily average of 50 patients seems to be correct. There is a diplomied Midwife attached to this dispensary who is attending nearly hundred cases in a year.

This institution is managed by a registered Society.

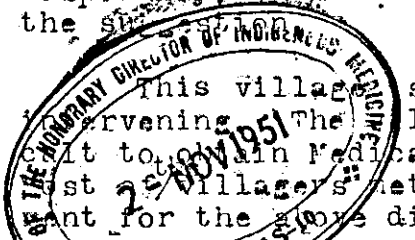
The Secretary informs me that they are willing to hand over all the assets of the institution to the district board ~~under~~ if the District Board undertake to runa regular dispensary. The District Board may be asked to consider the suggestion.



This village is 8 miles away from the town and a river is intervening. The villagers must be finding it very difficult to obtain Medical aid particularly during rainy season. Most of the villagers met me and requested to recommend encouragement for the above dispensary showing their difficulties.

There is no other medical aid for the residents of this village within a radius of eight miles and this free dispensary is functioning well. The grant of Rs.600/- annually is recommended for sanction.
